

WEIGHT LOSS CYPRUS - Terms & Conditions

SPECIAL introductory Offer - 100 Euro's per week

The Company agree to supply equipment to the client for a fixed number of weeks (min 2 weeks) from the day of delivery.

The company will supply written instructions on proper use of the equipment.

The Company agrees to ensure that the equipment is in full working order.

The Client agrees to pay the full rental fee for the term of the rental, in advance, with a deposit of either 300 Euro's in cash, or a cheque for the same amount (which will be un cashed) and returned to you, on return of the hirer of the equipment, in good condition.

Delivery will be by AKS and payable by the client, as will return, or you may collect from our offices.

Return is the client's responsibility and should be returned in the same condition as it was supplied, by noon, on the date agreed in your hirer agreement.

Extension of the rental period must be checked with the office, at least 5 working days prior to the original final agreement period, as machines are booked out to other clients.

Equipment faults

In the unlikely event that a fault develops, the rental term will pause, until a new machine can be sent to you, and the rental will deduct the time that the machine could not be used.

Suitability of Treatment

It is the clients' responsibility to ensure that there are no contradictions to using Ultra Sonic Cavitation (see web site). If in doubt, please check with your medical practitioner.

Cancellation

If you need to cancel pre-booked hire of equipment and give us 14 days notice, in writing, a full refund will be made to you within ten working days.
